

# Climate-neutral Espoo 2030 Study Visit

– a growing and developing city where the nature is always near

**8 June 2022 at 14:30-17:00**

## Programme

**Starting point:** Aalto University main building Dipoli, Otakaari 24, Espoo, Lobby

14:30 – 15:00

**Bus from Dipoli to Nature House Villa Elfvik**  
(Elfvikintie 4, Espoo)

15:00 – 15.30

**Nature House Villa Elfvik and the Laajalahti Nature Reserve**

*Introduction to Nature House Villa Elfvik*  
Riitta Pulkkinen, Head of the Nature House

Guided tour to a 700 m long nature trail that goes around in the old forest from Villa Elfvik to the wetland and back to the nature house. Laajalahti Nature Reserve is among the best bird wetlands in Southern Finland. The trail is easy to walk on, but please wear comfortable shoes and dress according to the weather!

15:30 – 16:00

**Bus from Nature House Villa Elfvik to Keran Hallit**  
(Karamalmintie 2, Espoo)

16:00 – 16:40

**Keran Hallit**

*Coffee and tea*

*Introduction to Sustainable Espoo and the developing Kera District*  
Helena Kyrki, Manager for Sustainable Development

Guided visit to Keran Hallit, a former logistics center and a showcase for temporary use of old industrial buildings. In the upcoming years the district of Kera will be transformed from an old industrial and logistics area into an urban center and home to 14,000 inhabitants. Meanwhile, the old logistic center has been turned into a space for events, urban food production and sport services as well as a place to experiment with solutions for a more sustainable future.

16:40 – 17:00

**Bus from Keran Hallit back to Dipoli**  
(Otakaari 24, Espoo)
