

How to install EAOO Helsinki 2024 Eventos App

Eventos App works both on mobile and desktop, but you have an option to install the PWA application on your phone.

Android devices

Browsers: Recommended Chrome, Edge, Firefox

1. Open the app through the personal access link you received via email or SMS.
2. Press the Install button in the app's menu.

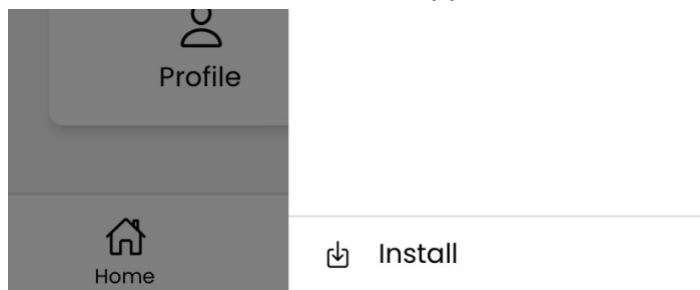

3. The app has now been added to your phone's home screen.

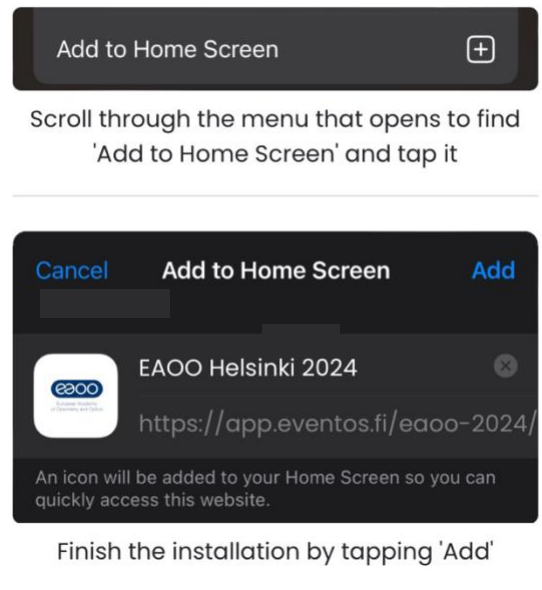

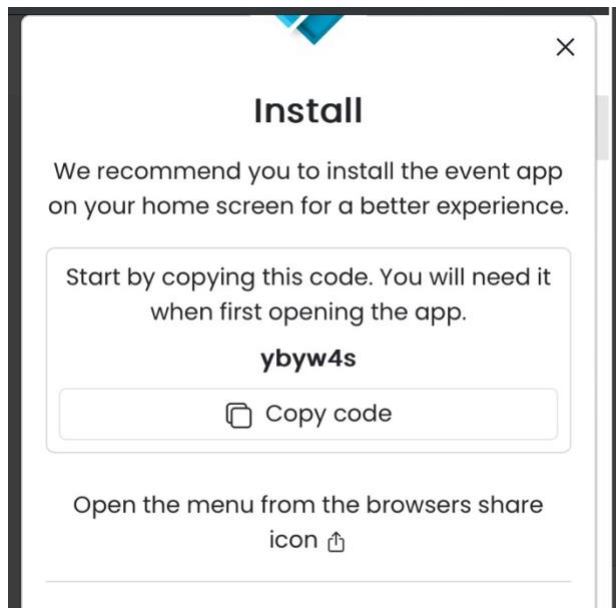

IOS devices

Browsers: Recommended Safari iOS 11.3 or higher.

1. Open the app through the personal access link you received via email or SMS.
2. Press the Install button in the app's menu.

3. Copy the install code displayed on the screen by clicking "Copy code" and then follow the instructions in the pop-up.

4. After these steps, open the app from your home screen and paste the code you copied earlier into the field.
