

EAOO HELSINKI2021 • OPEN PAPERS

All program times are in Helsinki times.

ID	ABSTRACT TITLE	PRESENTER	COUNTRY
Friday, 23 April, 14:30–16:00, room Sibelius SESSION 1: EDUCATIONAL TOPICS			
382	Is there a difference in learning styles between optometry students undertaking a blended learning course compared to those on a face to face full-time course?	RUPAL LOVELL-PATEL	UK
370	Optometry-related mini-project promoting collaborative learning and social interaction across student cohorts	ELLEN SVARVERUD	NORWAY
356	Clinical reasoning via Collaborative Online International Learning	ARIELA GORDON-SHAAG	ISRAEL
332	Discovering student motivations for optometry as a career	PAUL MURPHY	Canada
Friday, 23 April, 14:30–16:00, room Uspenski SESSION 2: AMBLYOPIA			
310	Virtual Reality clinically applied	STEEN AALBERG	DENMARK
296	Effect of specialized applications on the visual functions of amblyopic eye	KRISTINE KALNICA-DOROSENKO	LATVIA
352	Thickness of the different layers of the retina in patients with anisometropic, strabismus and deprivation amblyopia.	ANA DIAZ	SPAIN
Friday, 23 April, 16:30–17:30, room Sibelius SESSION 3: Anterior Eye			
315	Longitudinal Assessment of Ocular and Corneal Aberrations in Children wearing Dual-Focus Multifocal Contact Lenses	DANIELA LOPES-FERREIRA	PORTUGAL
328	Accommodation response in various design soft contact lenses wearers	EVITA KASSALIETE	LATVIA
320	Nutrition and Dry Eyes	JEFFREY WEAVER	USA
Friday, 23 April, 17:30–18:30, room Sibelius SESSION 4: OPTICAL			
363	Effectiveness of customized PRLoop lenses in patients with correlated objective (microperimetry) and subjective PRL.	MICHELE JURILLI	ITALY
287	Effect of Blue-light Protection on the Eye > Facts and Myths!!	DAVID BERKOW	ISRAEL
383	Advanced Vision Accuracy (AVA): from new refracting method to new ophthalmic lens solution to facilitate prescription in increments of 0,01 D.	GILDAS MARIN	FRANCE
Saturday, 24 April, 10:00–11:00, room Sibelius SESSION 5			
322	Clinical Determination of Light Discomfort. Evaluation of a New Clinical Device for the Quantification of Discomfort Thresholds.	ALEJANDRO CERVINO	SPAIN
339	Colour vision sensitivity changes one week after cataract removal surgery	ZANE JANSONE-LANGINA	LATVIA
333	Reading Visual Acuity vs Reading Speed in Spanish Elder Population	JUAN CARLOS ONDATEGUI PARRA	SPAIN
385	Light distortion and contrast sensitivity function in pseudophakic population implanted with monofocal and multifocal IOLs	SANTIAGO ESCANDON-GARCIA	SPAIN
Saturday, 24 April, 11:30–13:00, room Sibelius SESSION 6: DRY EYE			
342	Inter and intra-observer reliability in assessing tear meniscus height in different positions by a new digital device	FABRIZIO ZERI	ITALY
350	Ocular Surface Complications from Eyelash Obsessions	BRIDGITTE SHEN LEE	USA
357	Role of eye care professionals in the field of visual functioning and dry eye	MIRJAM VAN TILBORG	NETHERLANDS

EAOO HELSINKI2021 • OPEN PAPERS

ID	ABSTRACT TITLE	PRESENTER	COUNTRY
Saturday, 24 April, 15:00–16:00, room Sibelius SESSION 7			
343	Effect of optometric office size on the assessment of subjective refraction and visual acuity	AIGA SVEDE	LATVIA
298	Visual acuity measurements by ETDRS protocol	ARTO HARTIKAINEN	FINLAND
378	Dichoptic training of binocular vision in amblyopia: A Series of cases using a virtual reality system	SOTIRIS PLAINIS	GREECE
Saturday, 24 April, 16:30–18:00, room Sibelius SESSION 8			
353	Communication between community optometrists and hospitals: too much variation?	RAKHEE SHAH	UK
325	Are children part of the community served by community optometrists?	SALMA AHMAD	UK
379	Evaluating eye-fixation based reading performance in presbyopia correction with contact lenses	SOTIRIS PLAINIS	GREECE
Sunday, 25 April, 09:00–10:00, room Sibelius SESSION 9: EDUCATIONAL TOPICS			
313	Bridging the Gap: From Classroom to Clinic	DINAH PARITZKY	Israel
326	Understanding issues around supporting and promoting success for students from non-traditional routes: the transition from a foundation programme to BSc Optometry	IRENE CTORI	UK
286	Let's talk about visual impairment- using personal patient stories in Optometry/Ophthalmic dispensing education	AHALYA SUBRAMANIAN	UK
Sunday, 25 April, 10:00–11:00, room Sibelius SESSION 10: BINOCULAR VISION			
288	How the skull structure affects the development and functioning of the binocular vision and cortical integration.	JONATHAN SHAPIRO	ISRAEL
302	Accommodative performance improves when hyperopia is corrected during sustained near viewing tasks	JULIE-ANNE LITTLE	UK
354	Visual Perceptual Testing for the Optometrist	CHRISTINE ALLISON	USA
Sunday, 25 April, 10:00–11:00, room Uspenski SESSION 11			
351	Specific topographic pattern of first-degree relatives of patient presenting with Keratoconus	EINAT SHNEOR	ISRAEL
317	Acceptability of a home-based visual field test (Eyecatcher) for glaucoma home monitoring: A qualitative study of patients' views and experiences	TAMSIN CALLAGHAN	UK
365	Portuguese Program to Prevention of Diabetic Retinopathy (Systematic Diagnosis and Treatment of Diabetic Retinopathy)	EDUARDO TEIXEIRA	PORTUGAL
329	Enhancing Patient Care with Directed Symptom Surveys	BENNETT MCALLISTER	USA

Changes possible.

Program times are in local Helsinki times (UTC/GMT + 3 hours).
